February 8, 2011

Dear Newsletter Recipient,

Just recently, we achieved a milestone with the WesleyNexus website. While much work remains to be done, we noted that you can now use the [Google](#) or [Bing](#) search engines to locate our website. While rankings and search engine results change daily, a recent Google search using the phrase “John Wesley science and religion” resulted in the WesleyNexus website appearing on page one of the search results! The website was listed 2nd one week ago and 5th today. Using the same search terms on Bing also resulted in a page one listing (4th and 7th today). Using the search phrase “John Wesley science and theology” produced a listing of 3rd on Google’s search results. We are pleased. We thank board member Dick Rhorer for researching these results.

Next month, one of the WesleyNexus board members, Vice-President Rev. Maynard Moore, Ph.D., will be presenting a paper on WesleyNexus entitled “**The Mission of God and Science and Religion in the Wesleyan Tradition: Three-Part Presentation,**” (Paper will be posted soon—see [Events](#) for details) at the annual meeting of the [Wesleyan Theological Society](#) on March 3rd, 4th, and 5th in Dallas. This year the meeting is being held in conjunction with Perkins Theological School for the Laity (Laity Week) at the [Perkins School of Theology](#) at [Southern Methodist University](#).

In the months ahead, look for more materials to be added to the “[Start a Group](#)” page by board member Rick Barr. His Montgomery County Science and Religion Discussion group continues and a very interesting meeting on Albert Einstein’s understanding of religion was held in January. You can read a response to it written by board member [Dick Rhorer](#).

Finally, a small “make-over” for the website was just completed. While we will always focus on newsworthy content and its quality first, we have updated several buttons on the home page, and added a new array of buttons for the “[Resources](#)” page. We hope the new navigation array will make it easier for users to find what they need. Take a look and as always, if you have [comments or suggestions](#) for the website, please contact me as I am serving as editor and webmaster.

The work continues. We value your interest!

Pax,

Rev. Tony Gattis, Ph.D.
